Introducing

THE FEST @ TAMPABAY

We are proud to announce the evolution of the **Tampa Bay Black Heritage Festival Music Fest** into something bigger, bolder, and positioned for the future: **The Fest @ Tampa Bay**.

This evolution represents more than a new name. It reflects a greater vision for bringing people together through music, culture, entertainment, lifestyle, and unforgettable experiences that embody the vibrant spirit of Tampa Bay.

The Fest @ Tampa Bay gives us the platform to grow our impact, introduce new experiences, welcome diverse audiences and visitors, strengthen community and corporate partnerships, and create greater opportunities for our sponsors and supporters.

While our Music Fest name is changing, our commitment remains. We will continue delivering exceptional entertainment, creating meaningful experiences, celebrating the richness of our community, and positioning Tampa Bay as a destination for premier events.

This is more than a rebrand. It is a new era, a bigger vision, and a greater experience.

Welcome to The Fest @ Tampa Bay

Where music, culture, entertainment, community, and celebration come together.

Tampa Bay Black Heritage Festival is a 501 c3, Florida non-profit corporation
